DECOR AND VIBE

The Mirth, Marvel & Maud - is the reincarnation of the old Granada Cinema, dating back to the 1930's. The decor is luxury art deco elegance, very much in its original style. With a vast foyer, leading to the theatre spaces (former cinema screens). The spaces have a slightly sloping floor, as has always been the case from when they were solely cinema rooms. We have carefully tried to alter the venue as little as possible - so expect a concert/ theatre show/ club night - in an old cinema (minus the seats if required).

Our first space open, in Maud. We will be working hard to bring the rest of the building back to life, bit by bit.

The venue, back in its heyday, hosted shows from ...
The Beatles (multiple times), The Rolling Stones, John Coltrane, The Ronettes, The Who,
The Crystals, Roy Orbison and many many many more.
